Bay officer complains of 'unjust' termination

By BRENT MACEY

A former Bay St. Louis police officer Tuesday said he will file suit against the city because he was fired for "inadequate and slanderous reasons."

George Weatherly, who had been employed as a patrolman for some five months with the city, was fired Thursday, Oct. 18.

A termination letter signed by both Bay St. Louis Mayor Larry Bennett and

Bay St. Louis Police Chief Douglas Williams states Weatherly was terminated because of "numerous complaints" received by the department concerning his conduct as an officer.

"A thorough investigation into the complaints and allegations against you has determined that your use of unnecessary and unwarranted force and verbal abuse in your capacity as a police officer is substantiated," the termination letter states.

Weatherly claims that reason given for his termination is fabricated and slanderous.

"They fired me because I wouldn't lie about an officer who messed up," he said.

Weatherly said he was fired because of an incident in which three arrests were made by a fellow patrolman on Oct. 13.

According to Weatherly, Officer Bob Butler was dispatched to an accident on South Beach Boulevard.

Weatherly said he was called in as a back-up officer some 15 minutes later and told to meet Butler at Hancock General Hospital.

"When I got there, he (Butler) had two suspects in the back of his patrol car and a woman was standing by the car hysterical saying 'why can't my husband see a doctor?'"

Weatherly said Butler directed him to take the woman to the Hancock County Sheriff's Department and charge her with interfering with a police officer and resisting arrest.

He said Butler said the man could not see a doctor because he had smoked a cigarette.

Weatherly took the woman to the sheriff's department and was followed by Butler with the two suspects in Butler's patrol car.

On the way, Weatherly said he discovered the woman was the wife of one of the suspects.

"Her husband's head was bleeding and she was just upset that he couldn't see a doctor," Weatherly said.

"I didn't see any reason why I should have arrested anybody."

Weatherly said he stayed some five minutes at the sheriff's office while all three were arrested. He did not file charges against the woman, he stated.

Upon returning to work the next day, Weatherly said he was told to file a narrative concerning the Saturday incident with Chief Williams.

"I didn't lie for either party, for the police or the other party," Weatherly said.

"I told it exactly the way I saw it.

This isn't the first time they've wanted me to lie," he said.

Chief Williams said Wednesday that the incident Weatherly referred to "has no bearing at all on the reason he (Weatherly) was terminated from the police department."

"We had numerous complaints about the way he acted," Williams said.

He noted a patrolman when first hired must undergo a nine-month probationary period "where he is scrutinized for any inadequacies."

"I have numerous complaints and documentation from citizens of Bay St. Louis," Williams said and stated he does not have to show Weatherly any of the complaints.

Mississippi Power to resume \$2.5 million job in Hancock

By WAYNE DUCOMB JR.

Mississippi Power Co. crews in about two weeks will resume replacing electrical transmission cables in Hancock County along a line which extends to Louisiana.

Billy Dugger of the company's Public Information Department in Gulfport Wednesday said the Hancock work is part of a \$2.5 million 'reconducting job' now underway which is placing larger cable on metal towers along the line.

He noted the line extends from Plant Watson in Gulfport to a substation just east of Kiln on Kiln-Delisle Road, westward to a substation at the Bayou LaCroix Road and Hwy. 603 intersection, and westward again to another substation in the former Logtown Community area where Louisiana Power and Light Co. lines begin.

The L.P. and L. line extends across the East and West Pearl Rivers and Honey Island Swamp just south of I-10 to Slidell, he added.

Wooden H-frame guard structures were recently installed under the lines near the Hwy. 603 and Kiln-Delisle Road substations which will prevent the slackened lines resulting from the work from dropping into the roadways, Dugger reported.

Dugger explained the line is utilized for 'system reliability' which allows LP and L. and Mississippi Power to reciprocally purchase electricity.

He said for instance if one utility company's electrical generating plant had to be shut down for repairs or is producing electricity at a lower cost, the transmission system would be utilized to serve the area in need.

When asked how large of a geographic area in Mississippi or Louisiana could be supplied with electricity from the line, Dugger said there would be no way to determine that because the energy could be transmitted anywhere in either state.

He revealed the larger cable will 'increase capacity of the line' which will allow the companies to serve more customers.

Hancock Board candidates to speak at forum Friday

By WAYNE DUCOMB JR.

Candidates in the Tuesday Hancock County School Board and general election or their representatives will participate in a political forum at the Diamondhead Country Club Friday night.

The general public is invited to attend the event sponsored by the Diamondhead Community Association which begins at 7:30 p.m., Jack Baker, forum co-chairman, Wednesday said.

The co-chairman also reported the public is invited to a Dutch treat supper which begins at 6 p.m. at the club house.

Cost of the dinner is \$6-per-person by reservation only. Reservations may be secured by telephoning 255-1421, extension 6241 or 6240, before noon today (Thursday).

Candidates vying in the election for Mississippi U.S. House of Representatives and Senate seats, Circuit Court judge, and Hancock School Board District Three and Four slots are invited to participate in the forum.

Hilda Bourg, association president, this week reported the Senate, House and Circuit Court candidates will be

Dugger said the first half of the reconducting project began earlier this year at Plant Watson and was completed in August with line replacement up to the substation near Kiln.

That project involved replacement of three 1.36-inch diameter cables supported by metal towers with a 1.42-inch cable along the 23.38-mile leg of the transmission line route.

The second half of the project will involve the same replacement procedure for three cables along a 18.92-mile route from the Kiln substation to the Louisiana border, he said.

Dugger revealed the final leg should be completed three-four weeks after work resumes, but the project is scheduled to be finished in early 1983.

The old cable is reeled as it is taken from towers and simultaneously replaced with the new line which is

drawn from reels, he explained.

The line will be taken out of service while the work is underway, Dugger added.

When completed, the company will have replaced some 127 miles of cable with the larger steel-supported aluminum cable.

The company spokesman said the new cable consists of 19 strands of steel wire wrapped with 54 aluminum wires.

He reported although the new cable is 4.7 percent larger and allows more customers to be served, the line is and still will be classified as a 230-kilovolt transmission line.

The present cable on the metal towers was installed in the early 1960's paralleling an older line supported by wooden poles, Dugger said.

Bay school officials apparently violate Open Meetings Law

By WAYNE DUCOMB JR.

The Bay St. Louis Municipal Separate School District Board of Trustees apparently violated the State Open Meetings Law by meeting with two employees just after adjourning a special meeting Monday night.

The board met in the Monday special meeting to select an assistant Bay Senior High School band director who also acts as Bay Junior High School band director.

For some two hours the entire board met in executive session with J.D. McCullough, superintendent of education, and Lucien Gex, board attorney; and called in separately Howard Sheppard, a North Bay Elementary School music instructor who was eventually selected for the then vacant position, and Glen Page, senior high band director.

But after the closed discussion, the board quickly accepted a third recommendation by McCullough to hire Sheppard and voted to adjourn.

McCullough then informed the board an spectators filling the room that he and the board will meet privately with Sheppard and Page.

After the audience left, the meeting room door was again closed and the board met with the two for about 45 minutes.

Gex recently advised the board that workshop meetings, secret board meetings in which the public is barred from attending, are illegal.

The board and McCullough apparently ignored that advice and chose to meet in an unannounced closed session

eventhough the State Open Meetings law allows executive sessions at scheduled meetings to discuss personnel matters.

Earlier in the scheduled meeting just after the executive session, apparently conducted to discuss a personnel matter, McCullough offered three recommendations to the board.

The superintendent first recommended the assistant band director slot not be filled, but none of the trustees would offer a motion for or against the suggestion.

McCullough then recommended Bill Ellis of Long Beach be hired based on qualifications, but the board was also mum to this suggestion.

The board then accepted McCullough's third and final recommendation... to hire Sheppard.

Trustee James Ginn offered the motion accepting the recommendation, but added that Sheppard be hired for the remainder of the 1982-83 school year when the position will again be opened.

The vacant position has been the subject of controversy for several weeks after Sheppard accused district administrators with discriminatory hiring practices.

The board voted recently to fire W.J. Cameron, junior high principal, if he did not recommend someone for the position—a standard hiring practice followed by public school systems.

McCullough's verbal recommendation did not include a recommendation by Cameron.

TOMMY SHAW

Tommy Shaw seeks county school post

Tommy Shaw, 50, of Crane Creek community, announces his candidacy for Hancock County School Board.

A self-employed dairy farmer, he has previously served on the Hancock County School Board from 1970-1976.

A director of the Gulf Coast Dairymen's Association and the Hancock County Farm Bureau, he is married to the former Gladys Lavinghouse. They have three sons, Tim, Randy, and Dean Shaw.

"If elected, I will be willing to work hard to make the school system in Hancock County one that we can be proud of," Shaw said.

allowed one hour at the beginning of the program to present their platform.

At about 8:30 p.m. the school board candidates will be allowed three minutes each to air their views, Bourg said.

No questions will be allowed from the audience, she added.

Speaking at the event will be Steve Grafton of Sen. John Stennis' Washington, D.C. office. Stennis is the incumbent Democratic candidate.

Representing the Republican

senatorial contender, Haley Barbour, will be Steve Dickerson of Long Beach.

Evelyn McPhail of Diamondhead will speak on behalf of Rep. Trent Lott of Pascagoula, the incumbent Republican candidate.

But the Democratic candidate, Arlon Coate of Ocean Springs, is slated to speak at the forum.

Circuit Judge Candidates Crockett Lindsey, a Republican, and James Thomas, a Democrat, will speak at the gathering.

All school board candidates are scheduled to appear.

Participating in the District Three race is Incumbent Louie Ladner of the Standard Community and Larry Wayne Peterson, Tommy Shaw and Paul D. Smith, all of the Crane Creek Community.

District Four school board candidates are Incumbent Woodrow Ladner of the Catahoula Community and Billie Faye Lyons of Firetower Road.

PTO schedules spook house

The Charles B. Murphy Elementary School Parent-Teacher Organization is sponsoring a Halloween Spook House Friday, Oct. 29 from 7 to 10 p.m. at the school in Pearlinton.

The PTO is also sponsoring a Halloween Carnival Saturday, Oct. 30 from 11 a.m. to 4 p.m., also at the school.

"Come out Friday and see the best spook house that has ever been presented in Pearlinton," said Lillie Tzuanos, PTO events chairman.

"Whacko Doctor, Swamp Creature, Moss Man, Dracula and others are all waiting to horrify the unsuspecting — and all for just 50 cents," the chairman added.

Refreshments will be available.

"Our carnival Saturday will feature clown throw, cake spin, country store, Vegas booth, food, popcorn, drinks, and best of all — low, low prices," Tzuanos continued.

"Everybody's a winner, nobody loses at our carnival," she said.

HGH to x-ray Halloween candy

Hancock General Hospital will be x-raying children's trick-or-treat bags for hazardous metal objects Halloween night from 6 to 8 p.m.

"There is a great deal of concern about the possibility of poisons in Halloween candies, and, since the hospital cannot detect poisons in the treats, we felt that x-raying the bags for hazardous metal objects Sunday night would be a service we could provide the community," said Phil Langston, hospital administrator.

Children who wish to have their trick-or-treat bags x-rayed are asked to enter through the front lobby of the hospital. "The x-ray film will be given to the children as souvenirs," he concluded.

Caution urged on Halloween

By ELLIS CUEVAS

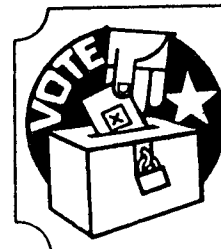

Sunday is suggested as the official trick-or-treat night for the City of Bay St. Louis by Police Chief Douglas Williams.

Williams stated, "We will have extra units patrolling the streets of the city in addition to foot patrol officers in congested areas."

"I urge all parents to please accompany children while they are out trick-or-treating. Do not let them go without adult supervision," Williams added.

The chief also asks all motorists to be extremely careful and those in costumes to use reflective materials which can be easily seen.

Williams said, "The police department wants everyone to have a safe and happy Halloween."

Dear Friend,

On November 2nd Mississippi voters will select a United States Senator for the next term. It is important that the man who fills this important role be truly representative of the people, capable of fighting for their concerns, and knowledgeable about how to get the job done.

You know my record, and you know my desire to continue to serve the people of Mississippi during the crucial years ahead. The competition for jobs for our state will be tough. I want to be there in the Senate, fighting your battles and making sure that Mississippi gets her share.

This is no time to retreat. We must continue to move forward on the progress we have already made.

Remember, the only way to make your voice heard on November 2nd is to go to the polls and vote, rain or shine. I'm counting on your help. I promise to do my best to prove myself worthy of your continued confidence.

The Hunger Monster

Among all of Halloween's most menacing creatures — witches, ghosts, and spindly skeletons — one stands out: the Hunger Monster. The Hunger Monster is most terrifying because his prey is often young children, children who are unable to defend themselves against his insidious power to kill and cripple.

The Hunger Monster is at work, right now, causing death and physical destruction among children around the world. His favorite haunts are in the developing nations of Africa, Asia, and Latin America. In places like Somalia and Ethiopia, in the horn of Africa, the Hunger Monster is mighty. Swiftly and silently, he robs tiny bodies of their eyesight, makes bones and muscles weak, and clouds their ability to think clearly. He attacks indiscriminately and shows no mercy. In his wake are the anguished cries of surviving parents, themselves weakened by his attack.

UNICEF, the United Nations Children's Fund, has made a commitment to the world's children by doing battle with the Hunger Monster wherever and whenever conditions permit him to exist. UNICEF fights the root causes of hunger, malnutrition, and disease by helping governments to establish basic health, nutrition, and educational services in areas where they're needed most.

We can all help UNICEF conquer the Hunger Monster by supporting UNICEF on Saturday, October 30, UNICEF Day, in the Bay-Waveland area. By being generous when UNICEF volunteers call at your door, or by participating in UNICEF benefit events, our contributions will enable UNICEF to assist governments in developing long-term solutions to keeping the Hunger Monster away.

It's time for us to help keep the Hunger Monster from haunting children. Show your support for UNICEF on Saturday, Oct. 30, when the Hancock County UNICEF Youth will be collecting in the Bay-Waveland area.

State offering pollution control operators course

A crackdown on enforcement of Mississippi's Safe Drinking Water Law could encourage more water supply operators to take advantage of the Seventh Annual Gulf Coast Water and Pollution Control Operators short course.

The course will be offered Nov. 15-19 at the University of Southern Mississippi, Gulf Park Campus at Long Beach. Participants in the water supply division will concentrate on compliance with federal and state Safe Drinking Water Acts. The Mississippi State Board of Health at its October meeting approved the State Department of Health's strict enforcement of the state law.

The Bureau of Environmental Health, State Department of Health, is responsible for enforcement. Water supply operators submit water samples, and public health officials monitor bacteria counts for each public water system.

A rating system establishes priorities and alerts health officials to water supplies which are not in compliance with established standards of purity and reporting.

Violations include failure to submit the necessary water samples for proper monitoring, failure to take the steps necessary to bring the water system within safe limits, or failure to include the statutorily required public notice if a water system is not in compliance with the safety code.

State law authorizes penalties of up to \$5,000 for each day a water system is in violation of the law. The code also authorizes litigation before any appropriate court to obtain injunctive relief.

In its October session, the Mississippi State Board of Health authorized the State Department of Health to initiate court proceedings against water systems who have ignored or exhausted the agency's administrative hearing process and failed to comply with the Safe Drinking Water Act.

Water supply operators in the short course will study compliance procedures plus water microbiology, chemistry, and water treatment; chlorinator installation and safe handling of chlorine; and how to solve pressure problems.

Instruction will be offered for B, C, and D waterworks operators. Course sponsors are the State Department of Health, Department of Civil Engineering at Mississippi State University in cooperation with the Mississippi Water and Pollution Control Operators Association, Inc., and the Department of Natural Resources, Bureau of Pollution Control.

More information on the course and the Safe Drinking Water Act is available by contacting the Division of Water Supply, State Department of Health, P. O. Box 1700, Jackson, MS 39206, telephone 354-6616.

Dear Sir:

I want to clarify some problems with the Bay St. Louis Police Department. I have never had any difficulty in holding my commission with any other department.

I have worked for several — City of Gulfport (aux.) - 2 years; Jackson County Sheriff's Office - 2 years; Harrison County Sheriff's Office, still valid. I don't know if the general public knows how its police department is run but let me tell you some of the things they do.

Radar— Certain officers are given notice not to run radar after having done so for 3½ months because "they are not qualified," yet other officers in same department are given no notice on this and are not qualified any better (no schools).

Neighborhood Watch— Only officers given notice on this class were those who didn't live in city limits, while those who did live inside city limits were not required to attend.

Bonds— Choose a bondsman and call them without giving prisoner choice of his bondsman.

Warrants and Affidavits— Serving these without judge's signature or seal.

Point System— Setting up a system whereby a single

unemployed person who lives by themselves cannot be released on his own recognizance.

Also by violating one's privacy by requiring someone to give them a lot of very personal information that doesn't pertain to arrest.

Issue reprimands and warnings to officer on complaints without letting officer defend himself against complainant (won't let him know who complained).

Review Board who holds private and secret sessions on officers to suspend or fire them, also without any chance of defense against the charges.

Require officer to work social functions (ball games, parades, etc.) without pay.

Uses a legally non-existent code of conduct to operate their department, yet abandons same code when it suits them by saying it hasn't been adopted by city council.

Notice on Work Schedule—

Never given prior to shift. I feel this is definitely a situation that needs to be opened to public scrutiny so that they can do something about this situation before they end up paying another law suit (with ¼-cent sales tax).

I have done my job to the best of my ability, with fairness and honesty to all concerned.

I feel I have been used and abused by this department.

Sincerely,
George Weatherly
Bay St. Louis

NEWS FROM THE GOVERNOR'S OFFICE

Gov. William F. Winter has appointed Judy Rhodes as director of the Governor's Office of Job Development and Training, a division of the Governor's Office of Federal-State Programs.

Ms. Rhodes replaces Andrew Cutler who is returning as director of the Gulf Coast Employment and Training Administration. Cutler, who served as GO-JDT acting director, was on leave of absence from the Gulf Coast agency. The Office of Job Development and Training administers employment and training programs in 77 counties and works directly with the Mississippi Employment Security Commission.

A native of Carthage, Ms. Rhodes was deputy director of the Office of Job Development and Training and has

served with the office for the past six years. She previously was a mathematics teacher in Jackson and Columbus public schools.

Ms. Rhodes holds a BS degree in mathematics from Mississippi State University and has performed graduate work at Jackson State University and Mississippi College.

Since joining the Office of Job Development and Training, she was selected by the U.S. Department of Labor to conduct region-wide training for eight Southeastern states in evaluating job training programs.

Ms. Rhodes also was selected by the Department of Labor to represent the Southeastern Region on a national task force for developing performance standards for all states in operating employment and training programs.

Bits 'n pieces

The members of the Garden Isle Community Association are very much civic minded and really proved it last week when the organization donated \$5,000 towards the construction of the East Hancock Fire Protection District's new fire station.

This organization sorta formed in 1980, but really did not start clicking until the May 1981 tornado just about destroyed the entire subdivision.

The residents of the area take pride in the community and lookout for their fellow man.

The completion of the fire station will be service to the residents of Garden Isle just as well as many more families in the fire protection district.

We know the Hancock County Board of Supervisors has been working to improve the fire protection in Hancock County and this is another step forward.

To newcomers fire protection in Hancock County may seem very inefficient, but they were not around here 20 years ago when there was none outside the city limits of Bay St. Louis and Waveland.

We do want to commend the association members of Garden Isle like we have done others in the county on helping us improve fire protection for all of it's citizens.

While on the subject of Garden Isle, we noted when we drove out to take pictures last week the beautiful street signs.

James Traverica, Beat Four supervisor should be commended on having these new street signs erected.

We know the problems of trying to find the residence of someone when street signs are hard to find and sometimes unavailable.

There are still many unmarked streets in the county making it hard to find where someone lives.

We hope one day the whole county will have nice signs like the ones installed in Garden Isle Subdivision.

There should be standing room only at the Bay High Stadium Friday night when the Tigers tangle with the Hawks.

It has cooled down a bit and gotten to really be football weather in the past few days.

The Tigers are contenders for the Deep South Conference championship with only a 7-6 blemish on the record in a close one against Pearl River Central. Head Coach Snuffy Smith has had Bay High playing some very fine football and will really be seeking a victory.

The Hawks may seem to be sleepers, but Head Coach Irvin Favre sure has had them rolling in their last two games with very impressive victories.

We hope the Tigers do not take the Hawks easy, as they sure would like to be the spoilers.

Let's see a record attendance.

In Pass Christian Friday it will be the battle of 'once victors' for the season when the St. Stanislaus Rock-A-Chaws try to sink the Pirates.

Both Vernon Powell, head mentor for the Rocks, and Bob Lumpkin, head coach of the Pirates, have young squads this season.

The game should be a toss-up and an exciting evenly matched contest. We hope the stadium will be filled with supporters of both schools.

It is amazing as to how the stands lack spectators when a school goes into a slump and loses a few games.

Support your favorite high school team, we hope to see you at the stadium Friday.

A large group of young people will be collecting for UNICEF Saturday night in the Bay-Waveland area.

The youths from various churches and organizations will be out Saturday instead of Sunday so more youngsters may participate.

Danny Kaye, internationally recognized goodwill ambassador is requesting group across America to join him in celebrating 35 years of Americans helping children around the world.

Area youths will meet at the First Baptist Church in Bay St. Louis Saturday evening between 6 and 6:30 p.m. for assignment to collection areas.

Refreshments will be provided by the First Baptist Young People after collections.

We hope everyone will be generous to UNICEF because it is for the neediest kids of the world.

We have been told two additional chambers have been added for the Chamber of Horrors scheduled for Friday, Saturday and Sunday night by the Krewe of Triton.

An additional feature being offered this year will be Halloween makeup for a fee of \$1.

Ed Scanlon, has really done a super job in preparing costumes, makeup and stages for the Horrors Chamber and we understand 'ghosts' will be coming from all directions.

A new wrinkle will be soft drinks for sale in Triton Cups. Proceeds from the Chamber of Horrors will be used for the Krewe's annual Mardi Grass Parade.

We hope to see you at Triton's Den on Coleman Avenue, remember its open at 7:30 p.m. each night.

While on the subject of Halloween, we urge all motorists to be extremely careful this weekend as many youngsters will be on the streets.

We hope parents will accompany children when they go out for trick-or-treating.

We heard one Waveland resident say he was going to get a lot of nickles to give the trick-or-treaters this year.

This may not be a bad idea, as we hope parents will make sure the items their children receive are not tampered with before eating.

We do not want to be an alarmist, but in the 1980's it is a strange world out there.

BE A GOOD CITIZEN:

People tend to litter where litter has already accumulated. Throwing trash from an automobile — be it a glass bottle, a metal container, or paper products — is like saying to someone else: throw yours, it's alright.

Litter is always ugly.

Surely you're not going to toss out the Halloween Jack-o-Lantern after all the fun's over...and let's be a bit more original than pumpkin pie, although that's a dish relished for years and years.

But there's so much more to pumpkin than pie. Ever since Colonial days, when pumpkin was a morning, noon and often night staple, canny housewives have been devising various methods of using this colorful member of the squash family.

In fact, pumpkin may be substituted for winter squash in just about any recipe: steamed, fried, or stuffed, in casseroles and so on. It makes a tasty bread or pudding, as well as a delicious soup or addition to a stew. And don't forget to save the seeds for roasting!

We like fried pumpkin slices or tidbits, lightly salted and served with lemon wedges, as an accompaniment to drinks or a hot cup of broth. It's quite simple to do — peel and remove seeds from about a pound, say, of raw pumpkin, and cut into slices or sticks. Drop into hot oil and fry for a minute or so, just until the pumpkin turns golden brown, then drain. Sprinkle lightly with salt and a bit of pepper, if you wish, and drizzle lemon over.

Pumpkin pancakes, too, are a change from the usual. Just add about a half cup of pureed pumpkin to a couple of cups of pancake mix, add the other ingredients — along with dashes of sugar, cinnamon, nutmeg and ginger — to the batter, and proceed as usual.

A dish we like, when we've fresh pumpkin at hand, is:

PORK 'N' PUMPKIN BAKE

2 lbs. pork, trimmed and cubed (about 3/4-inch cubes)
2 tbsp. mustard
1/4 cup brown sugar
2 tbsp. flour
2 lbs. pumpkin, peeled and cubed (about 1 inch; this makes about 4 cups)
1 cup, or a bit more of pork ham stock or fry off a bit of ham or bacon, add water to

make a cup)
Dash (about 1/4 tsp.) thyme
Dash of pepper, optional salt
Dip the pork pieces in the mustard, coating them a bit. Next, coat the meat with the brown sugar and flour (mixed together). Brown the pork pieces in a little butter and a bit of oil, then transfer them to a casserole.

Pour the fat out of the skillet. Meanwhile, boil the pumpkin for just a few minutes, say three or four, drain and add to the pork pieces. Add the stock, or seasoned water, as the case may be, along with the pepper and thyme, to the skillet, and bring to a boil. Pour the liquid over the pork-and-pumpkin in the casserole, cover, and bake in a 350 degree oven for about 30 minutes, stirring once or twice.

At this point, remove the cover, stir a bit, and bake for 20 minutes or so more, basting from time to time, until the pork is tender and the sauce very thick. (Six servings).

P.S. If you haven't any pumpkin around, use squash in this recipe.

SPOOK HOUSE—The Waveland Parent-Teacher Organization is sponsoring a Halloween Spook House today from 12:30 to 2:30 p.m. at the school on St. Joseph Street. The event is open to the public and will feature booths, games, country store, snack bar, spook house and costume contest at noon.

FAMOUS MAROON BAND — The 1982 fall semester marks the 62nd anniversary of Mississippi State University's Famous Maroon Band. The 250-member unit is scheduled to perform at nine MSU football games during the semester. Members include, from left, Ken Rayborn of Waveland, Scott Winnett and Connie Scarbrough, both of Pascagoula, and Carla Goodgame of Vancleave.

TIME FOR FUN—The Krewe of Triton's Annual Chamber of Horrors will be open Friday, Saturday, and Sunday at the organization's den on Coleman Avenue in Waveland. The makeup for monsters is by Ed Scanlon and Associates, the designer of Triton's Mardi Gras Floats. (Photo by Bob Hubbard).

Trick-or-treaters to romp on Sunday

By BRENT MACEY

Trick-or-treaters will highlight the upcoming Halloween and All Saint's Day Holiday weekend.

The Bay St. Louis Police Department has sanctioned Sunday as the night for trick-or-treaters, according to Chief Douglas Williams.

Sunday night will also be the date for trick-or-treaters in Waveland.

Williams noted UNICEF trick-or-treaters will be out Saturday night; however, the Bay St. Louis Police Department will close traffic on DeMontluzin Avenue from Toulme Avenue to Necaise Street on Sunday only beginning at dusk.

Spanish Acres will also be closed to traffic Sunday night, Williams said.

SCHOOLS

All Schools in the Hancock County School District and St. Clare School will be closed on Monday only in observance of All Saint's Day. All other schools will observe the regular school hours and will remain open Monday.

CITY HALLS

The Waveland City Hall will be closed Monday for All Saint's Day and also on Tuesday so the hall can be used as a poll for the Nov. 2 election. Bay St. Louis City Hall will remain open on Monday; however, on election day, the lower section of the building, including the Tax Department and the Utility Department will be closed and utilized as a polling place.

HANCOCK COURTHOUSE

The Hancock County Courthouse will remain open on Monday, All Saint's Day.

City of Waveland,
Mississippi
Tuesday,
Nov. 2, 1982

I wish to express my appreciation to the many electors of the City of Waveland with whom I have visited during my campaign for mayor. I have been unable to visit everyone and use this means in requesting your consideration and vote for mayor on Tuesday.

Thank you,

Alvin J. Ladner

Candidate for Mayor
City of Waveland

I want to insure all the citizens of Ward 2, Waveland, that I am not a politician, but a businessman with over 15 years of management experience as a general contractor with Ashman & Son Construction and as a broker for Mollere Realty. I believe my expertise will allow me to help the city make the necessary improvements that you want.

The following improvements are the results of a questionnaire that most of you received and returned:

- 1) Enforcement of litter, glass and dog laws.
- 2) Resurface our main roads.
- 3) Improve drainage.
- 4) Revision of Zoning Ordinance.

I would like all those that haven't returned their questionnaire to please do, so that I may have a more accurate list of priority improvements.

Merit Corp names SSC semifinalist

Brother Paul Mulligan, principal of St. Stanislaus High School, has announced that Daniel Jordan, a senior at St. Stanislaus, has been named as a National Merit Semifinalist for the 1982-83 school session.

Merit semifinalists are among the highest scorers in each state on the 1982 Preliminary Scholastic Aptitude Test and the national Merit Scholarship qualifying Test (PSAT/NMSQT) which was administered to over one million students throughout the United States.

The semifinalists represent the top one-half of one percent of those taking the test on a nationwide basis; and they become eligible to be named as National Merit Finalists.

Sorocco V. Alcala and Joelle Louise Dupont, both of Our Lady's Academy, are semifinalists in the 1983 Merit Scholarship competition.

Jordan, the son of Mr. and Mrs. Lamar Jordan of Long Beach, Miss., is presently in

DANIEL JORDAN is in his sixth year at St. Stanislaus. He is a member of the school band and the pep band.

He is an active member of Project Do, a service organization for the students of St. Stanislaus. He has scored in the top ten percent of the National Educational Development Testing program during the past two years.

Every National Merit Finalist competes for one of the National Merit Scholarships, allocated on a state basis according to each state's percentage of the total graduating high school seniors in the United States. These finalists will be announced in April, 1983.

LEASE PROTECTS BOTH PARTIES

QUESTION: Is there any law that says I have to have a written lease before I rent property? I am currently renting an apartment and the only thing I have is what the owner told me about the rent, etc. L. C. Bay Springs

ANSWER: Dear L. C.: A written lease with your landlord may be a good idea. Many people mistakenly believe that a lease only protects the rights of the property owner, but a lease also protects the right of the tenant and provides answers to many questions apartment dwellers ask. For example, is there a late charge if you are late paying the rent, and if so, how much is the charge?

Who pays the utility bills, you or the landlord? How many people will be allowed to live in the apartment? Can you have pets? How much notice must you give the landlord before moving? How much notice must the landlord give you? Can the landlord raise the rent, and if so, is there a limit to the amount of increase?

Most landlords, particularly those who have rented before, anticipate normal wear and tear on fixtures, appliances, walls and floors. A walk-through inventory, taken by both tenant and landlord and signed by both parties, can be incorporated in the lease. Then any necessary repairs or replacements covered by a security deposit can be documented.

These and other items are outlined in the lease. Read it carefully before you sign it.

For answers to your questions, write Dr. Dennis Tosh, P. O. Box 295, University, MS 38677.

The economic battles still rage.

In 1980, we started a revolution in Washington. We began our battle against inflation, which raged out of control at more than 12 percent, and against interest rates of 21.5 percent. The economy was so bad that working Americans could afford to save only three percent of the money they earned.

In two short years, we've made real progress in changing the direction of the federal government and the feat has been a lot like going to war. The battles have come with the entrenched bureaucracy over a piece of the monetary pie, over whether the liberals or the conservatives will prevail.

While the rhetoric has been informative, the results have been important. We've cut inflation in

half. Interest rates are down by a third. Working Americans are saving approximately twice as much of their paychecks.

At the front of a far-reaching economic recovery program has been a talented man, we sent to Congress 10 years ago. Working with an array of leaders, he has made no secret of his support of plans for Mississippians to keep more of our own money, to rebuild national defense, to turn the government back to the people, and to restore confidence in the future.

Our Congressman is Trent Lott. He knows that some economic problems remain to be solved. But, a beginning has been made. He needs your vote and support on November 2 to finish the job.

Choina group wins classic band laurels

The Puckett, Miss. Mighty Maroon Marching Band under direction of Mrs. Darell (Catchie) Choina, received all superior ratings at the Northeast Jones County Marching Classic at Laurel Saturday, Oct. 23.

The units receiving ones, the highest awarded, were band, flag corps, percussion section and drum majorette Melanie Chapman.

When the victorious band bus arrived at the Rankin County line they were met and escorted into Puckett by a police motorcade.

Upon arriving at the school they were greeted by a cheering crowd including Mr. Thad W. Haskins, principal, who served in that capacity at Hancock North Central three years ago.

Mrs. Choina, a graduate of Bay High School, Pearl River Junior College and Delta State University; was for two years director of bands at Hancock North Central.

She is the daughter of Mrs. Herman Mazarakis of Bay St. Louis.

LITTLE MISS POPPY — Susan Moran, 8, daughter of Jeanie and Anthony Moran of Bay St. Louis, has been chosen as "Little Miss Poppy." A third-grader at North Bay School, she is an honor roll student and member of the REEL program in the Bay-Waveland School System. She was a runner-up in the Little Miss Sweet Heart Contest for the Heart Fund and a maid for the Bay St. Louis Little League. She is a member of the American Legion Junior Auxiliary Post No. 139 and is the chaplain. Her mother, the former Jeanie Rutherford was Miss Poppy in 1966.

Energy Answers

Q. Please explain fuel adjustment charges. They appear on my utility bills now and then and I don't understand why.

A. Utility companies are allowed to pass increases in the costs of fuel for power directly to their customers through fuel adjustment clauses.

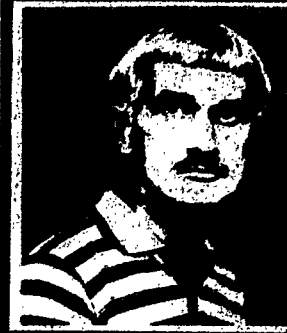

A fuel adjustment clause theoretically allows increases and decreases in fuel cost to the power company to be passed on to the consumer. This means if the cost of fuel to make electricity goes up, the consumer pays for the price increase. It also means, theoretically, that if the price

of fuel comes down, the decrease can be passed on to the consumers.

The added charge can either be automatic or granted after hearings before the state's utility regulating board, in this state, the Public Service Commission.

The adjustment is not a rate surcharge. It is intended to cover the costs of buying gas, coal, water, oil, or uranium to convert into electricity. The fuel used for conversion to energy costs more than any

other item needed to provide utility service — between one-fourth and one-half of the utility's total expenses.

WHY JAMES THOMAS SHOULD BE OUR NEXT CIRCUIT COURT JUDGE.

Over 2,000 cases are filed every year in the Circuit Court of Hancock, Harrison, and Stone Counties. Tough cases. Like murder. Rape. And robbery.

So, when our new Circuit Court Judge takes the bench, he's got to have the experience to take charge. Immediately.

He Has the Experience We Need.

James Thomas' experience isn't limited to just one city. As our Assistant District Attorney, he's tried cases in the courtrooms in Hancock County, Harrison County and Stone County.

He knows the law. He knows how the Circuit Court works. And he's in touch with the people he serves.

In Touch with the People.

James Thomas grew up on the Coast, the son of Christine Thomas and the late L. E. "Tommy" Thomas of Gulfport. You may remember his father Tommy, an Interstate Life Insurance agent who worked in the Bay, Waveland, Kiln, DeLisle and Pass Christian area.

James Thomas worked his way through college at USM. Then he earned a law degree from Ole Miss and went to work in private practice.

Now he lives in Biloxi with his

wife Sue, a Biloxi schoolteacher, and their 3-year-old daughter.

Let's Elect James Thomas.

As Assistant District Attorney, James Thomas has worked for all the people in Hancock, Harrison, and Stone Counties.

He's prosecuted hundreds of cases in the same courtrooms he'll preside over as judge. He's got the knowledge and experience we need.

On November 2nd, let's elect James Thomas, Circuit Court Judge.

IRATE CITIZEN—Earl Lizana of Bay St. Louis waits for Bay St. Louis Mayor Larry Bennett in City Hall recently to complain about a dog Lizana captured in his back yard. Lizana said he called for a dog catcher several weeks before this picture was taken but was told the dog catcher's truck was broken down. Two weeks later, Lizana captured the elusive critter and brought him to City Hall. Bennett's first response was "I knew things were bad but they've really gone to the dogs." On Tuesday, Bennett said he has contacted the State Surplus Property Procurement Commission and expects the city will purchase a 1974 pickup truck for \$700 this week to replace the old dog catcher's truck. Hancock County Forester

FORESTER OFFERS SAFETY GUIDELINES

The Mississippi Forestry Commission is offering advice to citizens in rural areas on how to reduce wildfire dangers to their health, homes and other property.

Although Mississippi does not usually have the kind of infernos California and other Western States suffer periodically, the trend of developing housing in close to timbered areas does create greater forest fire potential, say officials of the state's forestry agency.

"More houses in and near the forests mean more people, and more people mean a greater potential for forest fires," says State Forester Sid Moss. He cites the situation in the Harrison County areas of North Gulfport and Biloxi as good examples.

He outlined precautions homeowners in these areas can take to reduce the danger from wildfires:

—Vegetative clearance: Under dry, windy conditions, dead grass, leaves and brush can burn intensely and rapidly, thus it should be cleared away from buildings. To reduce structural exposure and to give firefighters a better chance of saving structures, maintain a fire break of at least 30 feet around all buildings.

Make sure roofs are kept free of flammable materials such as pine needles, leaves

and moss and that no portion of a tree or other vegetation is closer than 15 feet to the outlet of a stovepipe or chimney.

—Solid-waste disposal: If open burning is permitted, use a cleared area of at least 15 feet in diameter, utilizing a center area of no more than three feet in diameter for trash burning.

Keep fire tools handy and do not burn on dry, windy days. If you have a barrel or other incinerator, cover it with a non-burning mesh screen with openings of a half-inch or smaller.

—Structures: Construction should certainly include fire-resistant roofing materials and exterior siding and other-wise meeting building codes. Protect with screening all openings such as roof, attic and under house, and use fire-resistant construction for projects such as balconies, porches, decks.

—Water: Water mains for single-family homes should be at least one inch in diameter. Keep garden hose outlets operable, including protection from freezing. If your only water supply is from an electric pump, it is advisable to have a separate power line run directly to the pump motor.

—Traffic: Provide a safe and sufficient access road to your property over which emergency vehicles and equipment can be moved. To help firefighters locate your

house, post a nameplate or number identification at the entrance of your driveway or private road.

—Basic fire-fighting tools: Home tools may help retard fire advance until firefighters arrive. Garden rakes, shovels, axes, a minimum of 100 feet of garden hose with adjustable nozzle and a ladder to reach the roof are among useful items.

Moss said Mississippi's normal high fire danger season is still about 4-5 weeks away, but it could come early if the weather stays very dry as the leaves begin to fall.

THANK YOU!

To all my friends in the Fourth Ward:

Thank you for the support you have given me in the past and renomination to my third term as your alderman.

I look forward to being part of Waveland's future growth and I owe the opportunity to serve to you, the people.

Sincerely,
Herman Yarborough

Hancock championship on the line:

HNC hoping to spoil Bay's No. 1 ranking

By BRENT MACEY

Spirits are running high at both Bay High School and Hancock North Central prior to Friday night's 7:30 p.m. game in Bay High Stadium which will decide the County Championship.

While Bay High School has the Deep South Conference Championship at stake, the North Central Hawks are looking for a winning season and a chance to spoil the Tiger's tie for the Number One slot in conference play.

"I don't mind saying it," Hawk Head Coach Irvin Favre said. "What we really want to do is be the spoiler."

"This is a big game for both of us. But we want to be the county champions and we want a winning season."

He noted the county championship rivalry started several years ago. This year St. Stanislaus, the third Han-

cock County high school football team, has been eliminated from the competition after losing to both the Tigers and the Hawks.

A victory over the Tigers would give Hancock North Central a 5-4 winning season plus some avenging satisfaction.

Favre noted the Tigers squeaked out a 9-7 victory last year to become Hancock champs and he is hoping to turn that around this year.

The Tigers on the other hand are facing a crucial game if they have hopes of maintaining a first place conference tie with Stone County and Pearl River Central.

"It's a must game for us," Tiger Head Coach Snuffy Smith said.

He noted several Tiger starters have been sidelined with injuries, including running back Michael Lewis, quarterback David McIver,

and starting right guard Tim Proulx.

Both Proulx and Lewis will be out for the season with knee injuries. Lewis was released from the hospital Tuesday following an operation.

McIver broke his left wrist this week, and Smith said he does not think will be seeing action Friday.

As a result of the injuries, Smith said the Tigers will be changing their game plan which has relied mostly on the ground game of a powerful backfield.

"We've been working hard on the passing game this week because Hancock is very vulnerable to the pass," He said.

He would not disclose who would be quarterbacking the Tiger offense, but stated he has three players being considered for the position.

Favre shrugged off the com-

ment about his team being pass vulnerable. "If they want to pass let them."

"I'm willing to give them what we gave Mercy Cross," he said.

In that game the Crusaders attempted 12 passes against the Hawk defense, completed three and gave up two interceptions.

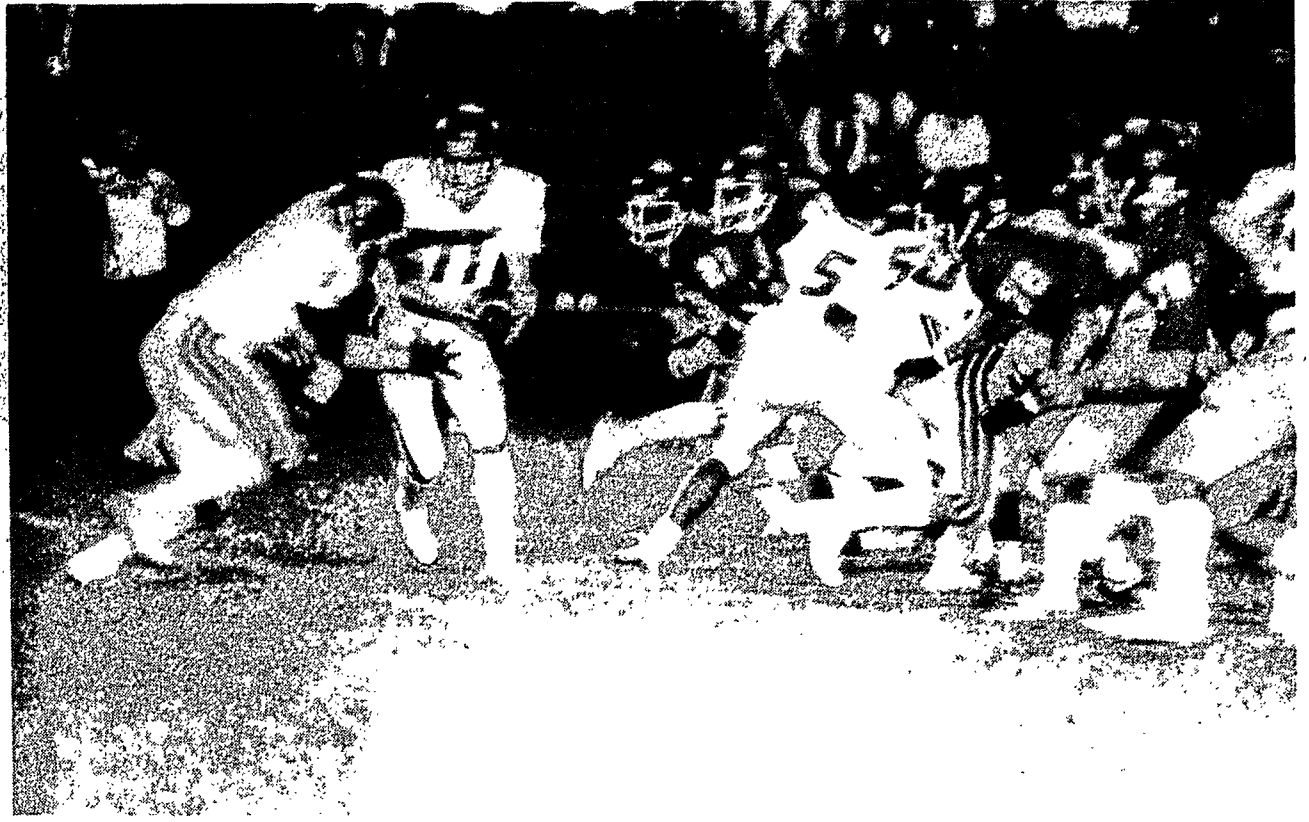

"I'll go with that," Favre said.

Both coaches complemented the other team's back fields.

Smith stated, "They're going to be a tough team," and pointed to Dennis LaCoste, Mark Santalla and "lightening" Lydell Curry.

Favre, on the other hand, complimented Smith for his job with the Tigers this year.

Both coaches expect a large turn out for the game and predict an unpredictable game packed with excitement.

Pass, SSC to battle for second 1982 win

By WAYNE DUCCOMB JR.

The Pass Christian High School Pirates will battle the St. Stanislaus High School Rock-A-Chaws of Bay St. Louis in a Friday night football game at Francis S. McDonald Stadium in the Pass.

Both teams have a 1-7 win-loss record this season and earned the victory by

defeating East Central High School of Wade.

Pirate Head Coach Bob Lumpkin Tuesday noted the Pirate and Stanislaus game should be an even match based on season records.

He reported SSC primarily plays a rushing game, but will also utilize a variety of offensive plays.

"We're just going to have to

play a good sound game to win Friday night," Lumpkin stated.

The head coach said his defensive squad will have to play a consistently good game against Stanislaus.

When asked if SSC has an outstanding team member, Lumpkin replied, "They don't have one person they depend on, but we will try our best to

stop Stanislaus in everything they do."

Lumpkin said the only Pirate benched due to injuries is backup Quarterback Charles Woods who suffered an ankle injury last week.

Kickoff time is 7:30 p.m. The stadium is located next to Pass Christian Elementary School on North Street.

State vs. 'Bama game to match Bond, Lewis

In a battle of 88-miles-away "neighbors" in the Southeastern Conference, Mississippi State challenges Top 10-ranked Alabama Saturday at 1:30 p.m. at Mississippi Memorial Stadium in Jackson.

UA's only two SEC losses in the past three seasons have occurred to Tennessee 35-28 in Knoxville two weekends ago and to State 6-3 in Jackson in Nov., 1980, and the Tide had had three unbeaten league campaigns from 1977-79.

But as the 1982 SEC race has been going, almost anything can and will happen in Mississippi Memorial Stadium when the Bulldogs and Crimson Tide meet.

This weekend's headliner features two of the most potent quarterbacks in the league in MSU's John Bond and Alabama's Walter Lewis.

Bond, a 6-4, 210-pound junior from Starkville via Valdosta (Ga.) High School, became State's all-time total offense leader with 4,378 yards after a 29-play, 215-yard performance against Auburn last weekend here.

Two big plays had a great impact on his day as Bond raced 87 yards on a first quarter scoring run for the fifth-longest career in Bulldogs' infamy history and then hit Glen Young with a 61-yard pass in the third period.

Lewis, a 6-1, 209-pound junior from Brewton, Ala., paces Alabama's rushing attack, which features 18 carriers to date, with 539 yards on 108 carries for four touchdowns and a 5.0 average per try.

He joins Bond as one of the

SEC's best "big play" passers with 54 completions on 88 aerial tries for 841 yards and five scores. Bond has 64 connections on 125 attempts for 1,124 yards and six TDs.

Both teams have also demonstrated a penchant for scoring which makes observers believe that the 6-3 and 13-10 verdicts (Alabama's win at Tuscaloosa last fall) of the past two years may be remnants of the past.

'Bama is among the national leaders with 33.7 points per game while the Bulldogs sport a total offense average of 421.4 yards each outing, good enough for a Top 15 placement in Division I-A action. Alabama is gobbling up 445.7 yards per game in total offense for a Top 10 standing in the country.

Emotion is also running high for both teams since the SEC aspect comes into play. Alabama is trying to stay in the running for a spot in the Sugar Bowl while the Bulldogs are looking for their first league win.

Before the year began, State was looking into the barrel of its toughest schedule in recent memory, and the last five Bulldog opponents have composite records of 27-4. The next two foes, Alabama and LSU, are currently 11-1-1, so the roads isn't getting any easier.

Still, MSU coaches and players are approaching the Alabama game with an eye toward the upset in spite of a rash of recent injuries which caused such notables as tackle Earnest Barnes, end Billy Jackson, and middle linebacker Ermon Green to miss the 35-17 loss to Auburn

defensively for MSU.

And the Alabama-MSU series has a rich tradition of cliffhanging outcomes at all

sites. The last two three-point decisions are classic examples.

READY FOR ALABAMA—Bay St. Louis resident Craig Montgomery, who saw some action last week as a free safety in the Mississippi State vs. Auburn game, is hoping to see some more this weekend when State faces No. 10-ranked Alabama Saturday in Jackson. The six-foot, 180 pound junior is a graduate of Parkersburg High School, W. Va., who recently moved to Bay St. Louis.

7th and 8th grade junior Hawks smash St. John Eagles 30-6

The Hancock North Central seventh and eighth grade junior high Hawks will travel to Pearl River Central tonight to face the Blue Devils in at 5

p.m. The Junior Hawks, 4-2 for the season, smashed the St. John Eagles last week 30-6.

Hawks Tommy Bond and Todd Peterson each scored two touchdowns in that game. Bond scored during the first quarter on a 6 yard run and again in the second quarter on an 80 yard play.

Peterson scored on a fifteen yard run in the first quarter and also added the two point conversion, following that touchdown. In the third quarter he scored again on an 80 yard play.

Hawk Casey Hoda scored the two point extra point conversion following Bond's second quarter score.

St. John scored in the final 40 seconds of the game on a six yard run to spoil a shut out for the Hawks. The extra point attempt failed.

Shaw, is expected to be a defensive struggle.

Reviewing the Hawks season records, Shaw noted the following Hancock scores: Harrison Central, 0-0; Stone, 38-8; Pass Christian, 6-14; East Central 6-12; St. Stanislaus 12-6; Vancleave 21-0 and Mercy Cross 28-6; The Bay's season scores are: Pearl River Central, 14-12; Stone 44-0; Pass Christian 20-0; Vancleave 6-0; Long Beach 9-6; and East Central 14-14.

record. However, the Hawks are tied for second place with a 4-2-1 season.

Hawk Head Coach Joe Shaw expects the contest to be an exciting one. He noted the Bay and Hancock are pretty evenly matched.

Thus far this year the Tigers have put 127 points on the board while giving up 32. Hancock, on the other hand, has scored 109 points and surrendered 46.

Rocks eye first Pass Christian win

By RANDY PONDER

St. Stanislaus will be looking for their second straight win of the 1982 football season Friday night when they cross the bay bridge to tangle with the Pass Christian Pirates in a Deep South Conference matchup.

The Rock-A-Chaws broke into the win column for the first time last week with a 7-0 nail-biting victory over the East Central Hornets to snap a seven game losing streak.

"It's a good feeling to win," St. Stanislaus head coach Vernon Powell stated. "I'm real happy for the kids, they've worked real hard and deserved a win."

Pass Christian, like the Rocks, is 1-7 for the year. Their lone win came against the same Hornet team that St. Stanislaus beat.

Both clubs have had season long problems putting points on the boards. The Pirates have scored a total of 37 points while the Rocks have pushed across 57. That's an average of less than 5 per game for Pass Christian and 7 for St. Stanislaus.

Defensively, the Rock-A-Chaws have allowed a total of 199 points this year in eight games for a 25 per game average. The Pirates have surrendered 183 total points at an average rate of 23 per game.

Karl goes 1-1 in boxing bouts

Wayne Karl, the son of Mr. and Mrs. Gary Karl of Waveland, fighting for the Gulport Boxing Club, was defeated in a recent Silver Glove Boxing Match conducted in Kenner.

After three hard found rounds, Jamie Cheramie of Cutoff, La. won by a split decision.

Last week, Karl was more successful, defeating Tony Guerrero of the Bay-Kill-Waveland Boxing Club, by a unanimous decision in matches conducted in d'Iberville.

PREPARING FOR SATURDAY'S BOUTS—Bay-Kill-Waveland boxers, Tony Guerrero, left and Cory Johnston sport the boxing styles they will be using at 7 p.m. Saturday night when the B-K-W hosts some 20 bouts at the Disabled American Veteran Hall on Main Street in Bay St. Louis. Guerrero, a Golden Gloves champion from last year, will be one of the several Golden Glove title holders from Mississippi and Alabama who will be competing at the event. Junior High county championship to be decided tonight at Hancock

The ninth grade junior high grid squads from Hancock North Central and Bay Junior High will battle tonight at 7 p.m. in Hancock's Hawk Stadium to decide who will be the 1982 county champions.

Both teams have defeated St. Stanislaus this year to bump the Rock-A-Chaws from the county competition.

The Bay Junior High Tigers are favored since they have clinched the Deep South Conference with 6-0-1 season

PRJC's 1982 HOMECOMING COURT—Tina Davis, center, of Columbia was crowned Pearl River Junior College's Homecoming Queen Saturday. Miss Davis' court included from left, Lori Arinder of Columbia, Davis, Pam Staples of Prentiss, and Robin Jackson of Bogalusa; standing from left, Ginny Whitfield of Picayune, Donna Kendrick of Columbia, Carolyn Odom of Columbia, and Donna Woodcock of Hancock County.

Wildcats to close out against Co-Lin

SW Bears stun Wildcats

Three fourth quarter touchdowns by Southwest Junior College spoiled Pearl River College's 1982 Homecoming festivities and might have sealed the door shut on the Wildcats hopes to make a return trip to the junior college state playoffs.

The Bears, who entered Saturday's South Division contest with a 1-6 overall record and a six-game losing streak, relied on the passing arm of quarterback Marvin Clements to overcome a 14-2 first half deficit and score the winning touchdown with 1:17 remaining in the contest.

Clements, who threw 49 passes and completed 23 for an impressive 350 yards rifled two touchdown passes and ran for another in the final stanza to lead the Bears to a comeback-behind 27-24 victory over a stunned PRJC team.

After Southwest had taken an early 2-0 lead, PRJC's quarterback Bobby DeVaughn was called for grounding the ball in the end zone.

Chuck Bounds and tight end James Martin teamed up on two second quarter touchdowns to help the 'Cats open a 12-point edge. The sophomore signal-caller first connected with Jenkins on a 2-yard toss to cap a 14-play, 78-yard drive and later hit Jenkins with a 6-yarder to put the finishing touches on a 97-yard PRJC march.

Following the Wildcats' second six-pointer Southwest, utilizing an all pass and no run offensive attack, drove 67 yards on four plays and scored on a 25-yard TD pass from Clements to Gerald Cauldfield with 2:37 remaining in the half. Todd Haygood, Southwest's kicker who connected on only 1-of-4 extra point attempts, missed the PAT to leave the score 14-8 at the intermission.

PRJC increased its lead to 17-8 when kicker Tony Smith

drilled a 42-yard field goal early in the third period. Smith later missed a 32-yarder in the same period.

The score remained the same until Southwest's 19-point fourth quarter explosion. Clements cut the lead to 17-14 on a 1-yard run with 9:46 left to play and David Verrett gave the Bears a short-lived 21-17 lead by racing 52 yards with a punt return at the 5:00 mark.

Pearl River looked as if it might get out of trouble when the 'Cats marched 80 yards and scored on a 13-yard pass from Bounds to tight end Henry Martin, but Southwest then moved 67 yards in eight plays, scoring the winning touchdown with 1:17 remaining on a 10-yard pass from Clements to David Anderson.

Pearl River finished the game with 401 yards in total offense. Southwest, who was held to a minus 42 yards on only nine rushing attempts, wound up with 350 yards passing and 308 yards in total offense. Glen Meranto, one of eight PRJC ballcarriers, led the Wildcats' 173-yard ground attack with 74 yards on 12 carries.

Wildcats, once riding firmly in the front seat with Gulf Coast for a trip to the state junior college playoffs, were rudely thrown into the trunk by Southwest this past Saturday.

The Bears threw 49 passes for 350 yards. The loss put the PRC record at 5-3 and 3-2 in the conference for a second place tie with Jones.

For the Bears, it was their first South win all season long and only their second win against six losses. Jones defeated Hinds 19-14 this past Saturday as they climbed up front with undefeated Gulf Coast.

For the Wildcats to have a second place, they'll have to

win their last two games and Jones will have to lose to East Central and/or Coahoma.

The Wildcats defeated Jones earlier in the year, however, if two teams are tied in the division, the overall record is considered first and then head-to-head results. Jones has a 6-2 overall record.

"There is not much chance now," said J. C. Arban, the Wildcats' head coach. "I told my players Sunday that we must now play to have a good season."

Two weeks ago the Wildcats were sporting a 5-1 record, fourteenth in the national ranking, and had an unblemished 3-0 South Division mark. That was before Gulf Coast.

Last week the Wildcats lost to Perk 17-14 and came within one yard of winning and a 20-yard field goal of a tie. Either one would have put the 'Cats into the playoffs.

"Today we are in the worse physical shape since I have been here," Arban said. "We have 10 starters and three second teamers injured."

Five of the 13 may see action this week against the improving Co-Lin Wolves. Several have turned in their gear for the year.

The Wildcats had built a 14-8 halftime lead over the Bears and then increased their advantage to 17-8 starting the final quarter here Saturday. The Bears then picked up 19 fourth quarter points with the

winning touchdown coming with 1:17 remaining in the contest.

PRC had regained the lead just moments before on a 13-yard pass from Chuck Bounds to Henry Martin on a beautiful five-play, 80-yard drive.

"I know they had an excellent defense before the game started," Arban said. "It was also the first time they used two wide outs and a split end."

The PRC coach said the Bears had nothing to lose and they came to play football. "It was a big win for Coach Floyd Davis and the Bears."

The kicking game hurt the Wildcats as PRC coughed up two punt receptions, allowed the Bears to run back a 50-yard punt for a score and missed a field goal.

"We had new players in those positions because of our many injuries," Arban said. "But that's really not an excuse because they had practiced at those positions."

This week the Wildcats will have a make-shift line against the Co-Lin Wolves. "They have an excellent team," Arban said. "You know, they were picked to finish first in the South."

This past week the Wolves lost to Gulf Coast 14-17 at the Perk Homecoming.

The PRC captains this week will be Andrew Hickman, Don Williams and Lloyd Henry. Tightend James Jenkins, who

caught two touchdown passes was named the offensive back of the week and Kyle Dossett was named the offensive lineman.

The Wildcats' final home game is against Co-Lin this Saturday at 7:30 p.m. in the Dobie Holden Stadium.

Junior Rocks down Hornets

The Junior High Rock-A-Chaws defeated the East Central Hornets by a score of 12-7 last week at Rock-A-Chaw Stadium. The junior Rocks were down 7-0 but came back to win on two touchdown runs by Mark Logan.

The Rock defense stopped East Central on the two-yard line at one point in the game.

With 32 seconds left in the contest, Jimmy Dempsey intercepted a Hornet pass at the 5-yard line.

The offensive line was lead by Arthur Wynn, Philip Wittmann, and Clay Leyser. Outstanding players on defense for the Rocks were Todd Thrifley, David Zanca, Tim Britt and David Pitalo. The Junior High Rocks of Coach Truman Schultz are now 5 and 2 for the season and will play Pass Christian at home tonight at 7 p.m.

NFL players' strike misunderstood

EDITOR'S NOTE: The following article entitled 'NFL Players Need PR Man And Economist,' by Philip Jaffa, a journalist, economist and occasional PR man from Washington, D.C. is supplied to The Sea Coast Echo by Public Research, syndicated of Claremont, Calif.

By PHILIP JAFFA
Most of my friends are angry at the NFL players for striking. They are outraged that anyone making \$80,000 or more annually should complain about salary.

And asking for a percentage of gross revenues or of TV revenues seems even more unreasonable. Not even the IRS takes its cut off the top before deducting legitimate business expenses.

But for those who promote the virtues of competition in the marketplace, it's hard to direct anger strictly towards the players.

The NFL owners have engaged in some clear anti-competitive practices.

First, NFL owners limit the number of professional teams. With strong fan interest in the sport, football owners now appear to be making profits far in excess of what they could earn by investing elsewhere.

If there were no restrictions on the formation of new teams, people would invest in professional football until the

rate of return dropped to the same level as other investments. Americans would likely have more local professional football teams.

The players themselves don't really object to the monopoly profits generated by expansion restrictions. While the union would have more members if the league expanded, the average wage level would decline with average profitability.

No. The players are upset by another anti-competitive practice engaged in by management. The NFL owners receive most of their revenues from TV, which the teams share equally.

The sharing of revenues is not a new monopolistic practice. U.S. railroads pooled revenues in the 1880s, eliminating the need for competitive pricing.

The resulting higher prices came right out of consumers' pockets and the government properly outlawed the practice. But, contrary to the views of many, the NFL owners' scheme bilks players rather than consumers.

Here is how it works. In the NFL, with TV revenues pooled, all teams apparently generate about the same revenues. The teams with the lowest costs therefore earn the highest profits.

And with players' salaries reputed to be the majority of team costs, it seems that teams with the lowest payroll — not the best winning record — are the most profitable.

By pooling revenues, the NFL owners have made winning largely irrelevant to profitability. If this isn't illegal, it ought to be.

The NFL players association could certainly use a good PR man and economist to explain what the owners are up

to. The public wouldn't be so hostile if they knew what the players were fighting against.

Granting the players a percentage of gross revenues or TV revenues, obviously, would not reintroduce the principle of competition, which is what most of us would like to see. To do that, players and owners will have to turn in a different direction.

They could, for example, grant TV and other revenues to teams with the best records,

to be divided among players and owners. That way, players would play as if their income depended upon it. And owners would bid for players and coaches, knowing that their income depends upon a winning record.

Vince Lombardi would turn over in his grave if he knew that, in his beloved NFL, winning isn't the only thing — it isn't anything.

NOTICE REGARDING AVAILABILITY OF NEW MORTGAGE LOANS

HEREBY GIVEN TO THE RESIDENTS OF Hancock County, Mississippi (hereinafter referred to as the "County"), that the Mississippi Housing Finance Corporation has agreed, subject to certain conditions, to purchase from Engel Mortgage Company, Inc. (hereinafter referred to as the "Lender") up to \$289,800.00 of New Mortgage Loans originated by the Lender in Hancock County. The interest rate on such New Mortgage Loans will be 12.25% per annum.

The Lender does not maintain an office in Hancock County. However, if any resident of Hancock County wishes to determine whether he or she qualifies for one of these new mortgage loans, or wishes to apply for one of these new mortgage loans, or wishes to obtain further information regarding the terms of these new mortgage loans, they should write to or visit the Lender's office at the following address:

Engel Mortgage Company, Inc., Suite 2-D Gateway Plaza, 4646 West Beach Boulevard, Biloxi, Mississippi 39531.

PLEASE NOTE: There are certain eligibility criteria that must be met in order to qualify for one of these new mortgage loans and not every resident of Hancock County will so qualify. Further information regarding eligibility can be obtained from the Lender. In addition, the \$289,800.00 of New Mortgage Loans referenced above represents the Lender's allocation for Hancock County. On and after 60 days following September 16, 1982, this allocation can be reduced.

Therefore, any interested resident who may qualify for one of these new mortgage loans should contact the Lender as soon as possible.

This notice is given by the Lender in accordance with the provisions of the Rules and Regulations of the Mississippi Housing Finance Corporation and Section 43-33-541, Mississippi Code 1972.

SSC JUNIOR HIGH CHEERLEADERS are, standing from left, Shelley Comeaux, Lisa Logan, Michelle Plessala, Kelli Lee and Suzy Truettel; and kneeling from left, Monique LeBourgeois, Michelle Chiniche (captain), Andrea Ambrose and Jodi Triche. These St. Stanislaus Junior High cheerleaders will be cheering for the Rock-A-Chaw Junior High football team Thursday at 4:30 p.m. when they play Pass Christian at St. Stanislaus Stadium.

St. Stanislaus team to compete in tenth annual Varsity Quiz Bowl

Varsity Quiz Bowl, WYES-TV's weekly round-robin elimination tournament of intellectual wits pitting teams from area high schools, has begun its 10th season.

The one-hour program, which features two games, airs on Saturdays at 5 p.m.

This year, 64 schools from New Orleans and the surrounding area, including St. Stanislaus High School in Bay St. Louis, will compete in intense academic competition.

Mel Leavitt, who has been with the program since its inception, returns as moderator. Serving as judge this year is Dr. Thomas Bonner, Professor of English at Xavier

University. Returning as scorer is Phyllis Hartley, Associate Director of Records at the University of New Orleans. David Frenz is the producer/director of "Varsity Quiz Bowl."

Participants in "Varsity Quiz Bowl" are eligible to apply for full scholarships offered by eight local colleges and universities, one scholarship per institution. Donating scholarships are Dillard, Loyola, Our Lady of the Holy Cross, St. Mary's Dominican, Southern, Tulane, University of New Orleans and Xavier.

Pan American Life has underwritten "Varsity Quiz Bowl" for the past six years and recently committed its support for the next five years. This commitment will total more than \$100,000 and represents the largest single effort by an underwriter for a local production in the history of WYES.

In addition to its support of the on-air broadcasts, Pan American annually sponsors

an awards luncheon for all students participating in "Varsity Quiz Bowl."

Announcing the underwriting commitment, Norris V. Fitzmorris, Pan American's Senior Vice-President of Public Relations and Medicare Operations, said, "Pan American Life feels that our sponsorship of

'Varsity Quiz Bowl' is an investment in our youth, and that's the best investment this nation has to offer. We feel that our young high school students deserve the opportunity and recognition for scholastic achievement. We are only too happy that we can help, in part, to make both possible."

"DIVA"
A little less than two months ago I discovered the Prytania Theater in New Orleans when I went to see Louis Malle's classic 'My Dinner With Andre.'

The Prytania equals that feat by bringing 'Diva,' an audacious French import directed by Jean-Jacques Beineix, to the Crescent City for a three-week run.

'Diva' concerns the life of Jules (Frederic Andrei), a

young postal clerk with an unrelenting thirst for opera, especially opera performed by an American soprano, Cynthia Hawkins (Wilhelmina Fernandez).

It seems Hawkins doesn't want her voice recorded; she believes art and commercialization should always be kept separate.

Enter Jules, complete with high fidelity tape recording equipment, who then pirates off of her concerts onto Memorex.

This bit of audio robbery is witnessed by a pair of Taiwan Chinese wearing omnipresent reflecto sunglasses.

The next day, Jules is the unwitting accomplice to still another tape recording episode. A prostitute, stumbling through the streets, drops a cassette into Jules' mailbox.

The cassette contains incriminating indictments of a police chief's less than honorable second profession — white slavery.

Two of his henchmen join the chase and soon, it seems, as if everyone in France wants Jules for one thing or another. Add to this potpourri of characters a Vietnamese kleptomaniac on rollerskates and her male companion who cooks wearing a mask and snorkel, and you have a semblance of the plot contained in 'Diva.'

Beineix has taken his own labyrinth storyline, rivaling last year's 'Body Heat,' and reduced it to an understandable odyssey of intrigue, comedy, murder and love.

But what stops and starts the eye in 'Diva' is Beineix's camera. Always searching, constantly looking for the startling scenario, the outlandish juxtaposition, Beineix has fashioned 'Diva' into a bizarre, pell-mell glide through Paris imagery.

Colors blend, light is thick and tangible, motion is choreographed, scenes are luscious; all pour into the imagination at breakneck speed, seeping into our mind to be stored and savored at a more languid moment.

'Diva' defies conventional description. Its structure and pace are rare gems of passionate moviemaking. Its editing infers mass motion while only allowing us glimpses of the world in disorder. Every scene is a delight to the eyes, as was Polanski's 'Tess' and Kubrick's 'Barry Lyndon.'

This is Beineix's first film, although it doesn't show in the slightest, and one can only hope that his second will be half as much fun as 'Diva.'

In the final analysis, 'Diva' is delightful; a visual, kamikaze treat for everyone who enjoys quality films.

For more information call (504) 895-4513, or visit the Prytania Theater which is located at 5339 Prytania Street in New Orleans.

Marching band festival scheduled in Cleveland

Nineteen high school marching bands from Mississippi and Arkansas will participate in the annual Delta State University Marching Band Festival Saturday.

In addition, the Mississippi Delta Junior College Band and the Hinds Junior College band, along with the host DSU group, will perform, according to festival director Trey Conlee.

The festival will be held from 10 a.m. to 5:15 p.m. at Delta Field, with between the top ten bands beginning at 7 p.m.

"This is a collection of some of the best bands in Mississippi and Arkansas," said Conlee, who also is the assistant director of the band.

Among the high school

bands to be represented are Aberdeen, Columbus, Caldwell, Carthage, Clarksdale, Cleveland, Greenville, Grenada, Hughes, Ark., Kosciusko, Mooreville, Monticello, Neshoba Central, Northwest Rankin, Rolling Fork, Senatobia, Vicksburg, West Memphis, Ark., and West Point.

The Hinds band will perform an exhibition at 4:45 p.m. and Delta State will follow at 5 p.m. Mississippi Delta will play at 9:30 p.m., according to Conlee.

Admission is \$1 to the festival and \$2.50 to the contest of the top ten bands. Members of the non-participating bands and their band directors will be admitted free.

Bay Little Theatre to close season with 'Patio-Porch'

The Bay St. Louis Little Theatre has selected the cast for its final production of the '82 season.

Sherry Schwabacher, Cyndy Renz Crawford, Lady Carver and Yvonne Sills share the billing in "Patio/Porch" to be presented Nov. 5 and 6 at the playhouse on Boardman Avenue.

The production of "Patio/Porch" is a departure from the community theatre's regular production format of three-act plays.

The current production is tandem one-acts.

Presented singly they stand well on their own, but together they present a tour-de-force of womanhood.

Ms. Schwabacher and Ms. Crawford, the stars of "Patio," portray two sisters on the eve of one's departure from the small Texas town to a metropolitan area.

Their reminiscences, hopes and dreams are a reflection of the almost every woman has experienced.

Starring in "Porch" are Mrs. Carver and Mrs. Sills.

Watching their small town suffer the indignities of the "fast food joints" and hot rod-

ders from their front porch, this mother and daughter share the same feelings of loneliness and regret that life has passed them by.

The theatre production is directed by Mike Cuevas.

Tickets for the performance will be available at the door on performance night.

This is the final play for season-ticket holders.

HANCOCK COUNTY FARM BUREAU (Pd. Pol. Adv.)

Janet Shea returns to Minnacapelli's

'Never Too Late,' a domestic farce by Sumner Arthur Long, will be opening at Minnacapelli's Dinner Theatre on Friday, Nov. 5 for a seven-week run through Dec. 18.

Performances are on Thursday, Friday, and Saturday nights with a Sunday matinee.

The show stars Janet Shea and Bob Kearney. This marks Shea's seventh appearance on Minnacapelli's stage.

She has delighted audiences in 'Lovers and Other Strangers,' 'Move Over, Mrs. Markham,' 'Barefoot in the Park,' and 'Besides Yourself' at the Slidell dinner theatre.

Shea recently appeared in the Contemporary Arts Center's production of 'Equus.'

Kearney returns to Minnacapelli's after receiving critical acclaim for his portrayal as Oscar in Minnacapelli's successful production of 'The Odd Couple.'

Kearney has also appeared in Minnacapelli's productions of 'Barefoot in the Park' and 'Don't Drink the Water.'

Kearney's directing credits include: 'Two By Two,' 'A Funny Thing Happened on the Way to the Forum,' and more recently 'Guys and Dolls.'

The cast also features Cree Rankin, Jan Chimento, Molly Hoadley Huard, Augie Lapare, Michael Ray Ernst, and A. L. Alonzo.

Rankin is making his second appearance at Minnacapelli's having recently been seen as Speed in 'The Odd Couple.' He hails from Florida where his

credits include: Bottom in 'A Midsummer Night's Dream,' Curly in 'Of Mice and Men,' and Renfield in 'Dracula.'

Jan Chimento is making her second appearance on Minnacapelli's stage having performed in 'Guys and Dolls' earlier this year. She was most recently seen in 'South Pacific' at another area dinner theatre.

Molly Hoadley Huard — who is making her first appearance on Minnacapelli's stage, was last seen as Gertrude in 'The Pelican.'

Another newcomer to Minnacapelli's is Augie Lapare. Although he has worked in several movies dating back to 1955, locally he has appeared on stage only at the Little Theatre in St. Bernard.

Rounding out the cast are Michael Ray Ernst who is a newcomer to the popular Slidell establishment, and A. L. Alonzo who has worked at Minnacapelli's in 'Never Too Late' and at Le Petit in 'The Man Who Came to Dinner' and 'Gypsy.'

Elliott Keener directs this comedy about a married man in his fifties who has suddenly learned that he is to become a father again. His last child was a girl, born 24 years ago, and the prospect of the pitter-patter of little feet in the household wreaks havoc in his life.

Reservations are required and can be made by calling 1-504-888-7000 in New Orleans or 1-504-643-9671 in Slidell.

Briefs

Kindergarten children of Bay Catholic Elementary recently celebrated Western Day.

The children dressed in western clothes and went on a field trip to the home of Mr. and Mrs. Bobby Compretta where Mrs. Compretta took the children on a nature walk, then showed horses, goats, chickens and rabbits.

Some children tried to catch the goats but were unsuccessful. The children ended their field trip by learning a western dance.

SEMIFINALIST

The National Achievement Scholarship Program for Outstanding Black Students has named 1,500 semifinalists in a competition for awards to be offered in 1983, including:

Tracy A. Dugue of Pass Christian High. Semifinalists qualified from among 70,000 black students tested in 1981 who requested consideration in the 1983 Achievement Program. Semifinalists represent the highest-scoring black students in regional selection units established for the competition.

Plants poison plants

Researchers are looking into some plants' ability to poison neighboring plants with toxic secretions. Plant breeders may be able to use the trait, called allelopathy, to enhance weed control. Extracts of sunflower plants knock out 50 to 75 percent of such hard-to-kill weeds as johnsongrass, ragweed and wild mustard.

Local musical talent to highlight
November Library Friends meetBy **JOE PILET**
Coordinator

Friends of the Library
A real extravaganza is in store for all who attend the Thursday, Nov. 4 meeting of the Library which is scheduled to begin at 7:30 p.m. in the Main Library.

Patrons are urged to use the Ulman Avenue entrance. Joe Marochina, serving as doctent for the occasion, will introduce Olive McKenna who has rounded up an impressive group of Hancock County's finest musical talent.

Marochina needs little introduction. He has been a resident of Bay St. Louis the past 22 years during which time he has served as president of the Chamber of Commerce, president of the Rotary Club and is currently president of the Parish Council of Our Lady of the Gulf and Bay-Waveland Little Theater, an office he has held for 15 consecutive years.

"Our program will be an hour of varied music," McKenna said, and added, "there will be something for everybody."

She has divided the program into four segments of 15 minutes each. Colby Fabian, whose training includes Tulane University of New Orleans and Sherwood Music School of Chicago, is a gifted and talented concert pianist. He will render selections from Chopin, poet of the piano.

The ever popular male quartet "Four and After" with Bunk Gardner, base; Dug Taylor, lead; Eddie Hodges, tenor; and Bro. St. Pierre, baritone will include the high

soprano voice of Lana Noonan in some of their a capella numbers such as 'Alida Rose' from Music Man and 'You're Not Sick - You Are Just in Love'.

Noonan and Gardner will appear in a duet, 'Why Do I Love You,' and Gardner will solo 'Til There Was You.'

The rich baritone voice of Denis Arnold will also be heard in selected numbers. Arnold, a native of Bay St. Louis now works in New Orleans. He has frequently contributed special music at Our Lady of the Gulf.

In anchoring 'The Hour of Music' McKenna is well qualified. She serves as organist and choir director at Our Lady of the Gulf, is a teacher now in her 20th year at Bay Catholic Elementary School, has directed many musicals and plays at the Bay Little Theater and Waveland Players.

She studied voice and music at Julliard School of Music in New York City and studied organ with Dr. James Early of Union College and Dr. Robert Hanlin of Cathedral of Immaculate Conception of Albany, N.Y.

The beautiful piano to be used during this Hour of Music is an Everett, a trade name well known in the midwest and northeast.

PEDESTRIAN BRIDGE REBUILT—Putting the finishing touches on a recently reconstructed pedestrian bridge crossing a small stream on Dunbar Avenue in Bay St. Louis just south of North Bay Elementary School are, from left, Operator and Carpenter Jerry Kennedy, Operator Joe Byrd, Gardner Melvin Galloway Jr. and Truck Driver Roland Acker Jr., all city maintenance workers. Kennedy and Byrd reconstructed the bridge which had rotted. (Staff photo by Wayne Ducomb Jr.)

Veggie-Olive Combo Gives Salads A New Twist

Kind of tossed green salads? Looking for a change of pace? Then try Veggie-Olive Salad. It's a smashing combination of fresh raw vegetables: cauliflower, broccoli, cherry tomatoes, zucchini and ripe olives. Marinated in a zippy Italian dressing, this sensational salad is colorful, nutritious and appealing. Although the vegetables called for in this recipe are a winning combination, don't limit yourself. Take advantage of seasonal specials or vegetables from your garden. Vegetables that substitute nicely are summer squash, mushrooms, cucumbers, celery, radishes, beans and green peppers. Frozen vegetables work well, too. But don't forget the ripe olives — they add marvelous texture and color contrast to the salad and, of course, are available year round.

Veggie-Olive Salad

1 1/2 cups bite-size cauliflower pieces (about half a head)
1 1/2 cups broccoli florets
1 1/2 cups cherry tomatoes (about 1 1/2)
1 zucchini, sliced
1 cup pitted California ripe olives
1/2 to 1 cup Italian dressing
In a large bowl toss cauliflower, broccoli, cherry tomatoes, zucchini, olives in Italian dressing. Cover bowl, refrigerate, and let vegetables marinate in the dressing 3 to 6 hours.

TWO CONTINENTS—The new 13-part public television series, *Nature*, travels from Central America to Africa with the hour long films — "Amate' The Great Fig Tree," which airs on Sunday, October 31 at 7 p.m., over PBS and "Kopje, A Rock for All Seasons," scheduled for Sunday, November 7 at 7 p.m. The former explores the complete world of a fig tree in the rain forests of Belize and the animal life that surrounds it — shown here (top), a tamandua looking for figs — while the latter program takes viewers to Africa's Serengeti plains to explore mysterious hugh rocks called Kopjes. *Nature* is a presentation of WNET/THIRTEEN, New York, and can be seen on METV, Channel 19 and Hancock Cable, Channel 13.

QUESTION — How many fatalities are caused each year by the abuse of sleeping pills?
a) 5,000
b) 10,000
c) 500
d) 1,000

ANSWER — A federal study estimates sleeping pills are associated with nearly 5,000 deaths a year in the U.S. The same report also said users of barbiturates, or sleeping pills, make about 25,000 trips to hospital emergency wards each year. A surprise revealed by the study was the realization that these drugs are not only dangerous but that they are probably not effective in treating insomnia.
Correct answer — a.

DRUG QUIZ

Used by permission; all rights reserved by DATE, St. Louis, Mo.

QUESTION — The drug PCP is:
a) Nearly as popular as marijuana with youth
b) An animal tranquilizer
c) Produces extraordinary, unpredictable highs
d) All of the above

ANSWER — PCP (Phencyclidine) is a legally produced animal tranquilizer not intended for human use. It has been known to cause long-term psychosis, delusions, and schizophrenia. According to experts, this hallucinogenic drug has nearly replaced marijuana as the most popular and

easily accessible drug used by young people. An estimated 7 million persons, most of them between 12 and 25 years old, have reported using the drug.
Correct answer — d.

One of the problems in providing professional legal services today is the ever increasing cost of the professional's personal time on a case.

In an effort to hold down these legal costs, some lawyers are now using legal assistants or paralegals, as they are sometimes called — to do many of the routine legal procedures so that the lawyer can more effectively use his or her time. This usually results in lower legal fees for the client.

The duties of a legal assistant are broad, but always under the supervision of a lawyer. These duties include: research and compilation of information from the law library and other references; providing direct assistance to lawyers, clients and the courts; preparation and interpretation of legal documents; and the handling of procedural problems that involve independent decisions.

In other words, a legal assistant may perform any task delegated and supervised by a lawyer as long as the lawyer is responsible to the client and assumes full professional responsibility for the work performed. The only restrictions for a legal assistant are that they can not accept a case, set a fee, give legal advice, or appear in court.

With the legal assistant becoming an integral part of a legal team striving for better and more efficient legal ser-

vices, the career opportunities are bright for those who wish to enter a challenging and rewarding field.

Let's Talk.

Talking. It's the best way to find out what's happening. To understand.

South Central Bell believes in talking things over. And there's never been a time when talking was more important. You may have heard about changes coming in the way you'll be getting your phone service. We want to talk with you about these changes. And answer some of the questions you may have been asking about South Central Bell.

Questions such as these:

Q I've heard stories about "divestiture," and the telephone company splitting up. It's all very complicated. What's happening?

A Simply put, AT&T has agreed to separate itself from the local operations of its 22 Bell operating telephone companies. So in the future, South Central Bell will no longer be affiliated with AT&T.

Q If South Central Bell doesn't have AT&T behind it, won't the quality of my telephone service be affected?

A You can expect the same dependable service you have now. And you'll have the same dedicated people standing behind it. You'll also have more options than ever before in terms of equipment, services and suppliers.

Q What will happen to my local rates? Is it true they're going to skyrocket?

A Your rates are not going to skyrocket. They may continue to go up, but not because of the separation from AT&T. Increases in our costs are the main reason. For example, inflation causes increases in the cost of services and goods we use to provide phone service. And new technology in telecommunications makes it necessary for us to replace some equipment faster than in the past. Local rates will have to go up to cover part of these increased costs.

Q Will South Central Bell be allowed to charge whatever it wants for local calls?

A No. Local rates will still be regulated by the state's public service commission. And at South Central Bell, we will continue to do everything we can to keep these rates as low as possible.

Q Where will I get my telephone in the future? And who will fix it in case something goes wrong or it breaks?

A At some time in the future, you will be able to get phones from an AT&T subsidiary, other phone suppliers or possibly South Central Bell. Repair of phone equipment likely will be provided by the company that supplies the equipment. South Central Bell will continue to maintain your local telephone lines.

You may have more questions about the changes at South Central Bell. And we want to make it easy for you to get answers.

So give us a call toll free at **1 800 555-5000**, 10 a.m. - 11 p.m., Central Time, Monday through Friday. We're ready to talk.

Or send in this coupon. You'll get an answer. And a free booklet, "Let's Talk About Change."

Let's talk.

WIN UP TO \$1000⁰⁰
After each race check your TV screen for the number of the winning horse. Compare this number with the number shown for the same race listed on your card. If the number on your card corresponds, you have a winner. Take card to any participating Winn-Dixie store. You may also check your card at your nearest participating store to determine if you are a winner. Winning cards must be returned by the close of business Friday following that week's race. Cards that have been mutilated or altered will not be accepted for awards. Sweepstakes of Winn-Dixie, its advertising agency, participating television stations and their immediate families are ineligible to participate. Any minor amendments made on the result of any program error are subject to correction. Pick up your winning card at any of 113 participating Winn-Dixie stores in Louisiana and southern Mississippi. Let's go the race scheduled to end Nov. 13, 1982.
